ROVERS WON AGAIN

Cleveland Played Hard, but Couldn't Come Out.

ONLY TWO GOALS WERE MADE

The Rovers Being Compelled to Do Their Best—Hard Fight From Start to Finish—The Visitors Entertained and Took Their Defeat Gracefully.

The Rovers won the football game yesterday afternoon, and came out of the contest with colors flying.

Fully 500 people saw them defeat the West End Athletics, of Cleveland, and enjoyed a game that was replete with good plays, in spite of the icy condition of the ground. This last had a tendency to handicap the players, while the weather, keen and cutting, had much to do toward cutting down the attendance. This is how the teams lined up for the game.

Rovers	West End Athletics.
Stanway	Goal
Pope	Cliff
Farrell	Fullbacks
C. Beech	Holliday
Herbert	Halfbacks
Brownlow	Merry
W. Beech	Whitney
Jones	Forsyth
Shaw	Gresham
Eardley	Forwards
Adams	Gaffney
	Tate
	Hatfield

Play was commenced soon after 3 o'clock, with the Rovers at the last goal. Beech kicked off and the visitors got it at once, advancing it toward the Rovers. Pope was near the goal, and neatly intercepting the ball gave it a well directed kick to the center of the field. It was sent back and the home team got it, and by a series of skillful passes were soon making rapid inroads on the ground of the enemy. Progress was somewhat impeded by a vigorous attack on the part of Cleveland's forwards. A shot for goal was made, but the ball was stopped by a stubborn resistance of Cleveland's backs. Another attempt was made by the Rovers, but the ball was kicked out of bounds by one of the visitors, entitling the home team to a corner kick, but no benefit was derived from the advantage. The visitors then secured the ball, and with a succession of good plays succeeded in landing near the Rovers' goal. Farrell was equal to the emergency and the ball went flying back to the center of the field. From this point the Rovers clearly demonstrated their superiority as players, and the ball was almost constantly in the other territory. Suitor and Holliday were bulwarks of strength for the visitors, and stubbornly repelled, time after time, the vigorous onslaught of the home team's forwards. After battling for half an hour the ball was passed by Eldridge to Shaw, and he in turn passed it to Adams who promptly kicked the first goal for the Rovers.

The play was heartily cheered, and the boys, encouraged by the prospect of winning, entered into the game with a vim, meeting with vigorous opposition. The scrimmages which marked the game until half time was called were without material results, and after a short intermission the sides changed positions and play was resumed. The second half was almost a repetition of the first, with the possible exception of more lively scrimmages. The visitors redoubled their efforts to score, but were met at every turn by the home team and driven back. Gresham was charged by Pope, and slipping on the frozen ground got a fall which sprained his arm, but he pluckily kept his place in the game. The last goal was scored during a battle, by Adams, who headed the ball through the uprights. Soon afterward Referee Horton blew his whistle and the game was over, the Rovers winning with two goals to their credit. The home team played exceptionally well, Stanway as usual distinguishing himself. The visitors were gentlemanly and took their defeat with good grace. They were splendidly entertained while here, and left last midnight for home. The Rovers are proud of their record, having lost one game, tied one, and been victors in two. A meeting of the club will be held this evening at the Young Men's Christian association rooms.

THEY WERE HAPPY.

A Letter Comes From the Fairmount Home.

The following letter received at the office of the NEWS REVIEW, freely explains itself.

DEAR FRIENDS—I enclose a statement showing the amount of money (cash) received from Mr. David Boyce, also from the township trustees, and also showing how it was disposed of for the children. The children were delighted with everything and talk about happy words cannot express it. If you were a boy once, that would

settle it. I have today 126 children. Quite a number I held on to until after Christmas, they having part in our cantata. And I was so sorry that at least a few of your city could not be here to see how their donations were received. The seating capacity in our big dining room was all taken in spite of the rain, and all said they would not have missed it for anything. We can always depend on our children for an entertainment. The outside work on the sewerage is nearly completed, and the plumbers are following as close as 'tis possible for them; and the most of the digging of trenches has been done in the rain. We hope to see it completed within the next six weeks and ready for use. The health of the home is good, every little tot that can feed himself coming to the administration building to his or her meals. Find us a home without a child and we will find the child without a home. All we ask is to get a child into that childless home and that will settle it. Following are the periodicals purchased:

LADIES AUXILIARY.

Election of Officers Will Take Place Friday Afternoon.

There will be an important meeting of the Ladies Auxiliary to the Young Men's Christian association held tomorrow afternoon at their rooms. Officers will be elected for the ensuing year, and the retiring officials will make a full report of the business transacted and the work accomplished during the past twelve months. The auxiliary has been accomplishing noble work, by the blessing of divine providence, and has been a wonderful helper to the main organization, the officials of the Young Men's Christian association stating that the ladies organization has been a power for good. The meeting of tomorrow will be called to order at 3 p. m. sharp, and every member who loves the organization, and who desires that it shall be a success, should be present.

LOOKING FOR PLACE.

Republicans After Office are Journeying to Columbus.

T. O. Timmons left this morning for Columbus, where he will look after his fences in the contest for assistant-sergeant-at-arms of the house of representatives. The legislature will convene next week, and it is thought the Republican caucus, where all the officers will be determined, will be held tomorrow or Saturday evening. Mr. Timmons goes with the endorsement of the county committee and the support of legislators in many parts of the state carefully tucked in his inside pocket, and hopes to land a sure winner. Editor Dutton, of the Salineville Banner, is after the same position.

THANKED THE CLUB.

Governor McKinley Appreciated an Honorary Membership.

Governor McKinley has written to Colonel Watson, in which he thanks the McKinley club of this city for making him an honorary member, and expresses the wish that the organization may live long and prosper.

The McKinley club members, who are much interested in the St. Louis trip, are booming it on every possible occasion, and have already met with great success. A number of prominent citizens, not members of the club, have expressed their intention of attending the convention if a rate so low as \$25 or thereabouts can be secured.

TONIGHT'S BANQUET.

The Lawyers Will Feast, Talk and Make Merry.

The banquet of the Southern Columbian county bar will take place this evening, and a number of guests have already arrived for the event. The reception will be held in the Columbian club rooms at 8 o'clock, and the banquet will be served two hours later. Attorneys from all over the county will be present.

JAMES HILL IS DEAD

He Was Shot In the Head by Harry Allison.

SUFFERED ALMOST SIX WEEKS

The Boy Held Out Bravely, but Began to Sink Several Days Ago—The Accident Which Caused His Death May Not Be Investigated by the Authorities.

James Hill, the boy who was shot in the head by a companion almost six weeks ago, died on Tuesday evening.

It will be remembered that the boys were shooting at mark in the rear of a house on Calcutta road on Sunday afternoon when Harry Allison fired the fatal bullet. It was all a mistake, and the bullet lodged in Hill's head, but in such a way that hopes for his recovery were for a time entertained. He rallied after a few days, and made a hard fight for life, but one side was paralyzed and he could not get well. On Monday he became worse and suffered severely until he died. A short time after the shooting he was taken to the home of his uncle, James Densmore, in California Hollow, and from there the funeral took place this afternoon, the remains being interred in Spring Grove cemetery. The boy's father, a potter employed in Wheeling, came here the day after the shooting, and has since been at the bedside of the sufferer. Hill was 13 years of age and popular with all his companions. It is believed the authorities will take no action in the case, since it is plain that the shooting was purely accidental. The funeral was largely attended. The grief-stricken father will soon return to Wheeling.

TWO ENTERTAINMENTS.

The Association Concert and the Reception to College Boys.

The concert given on Tuesday evening as the third number of the association course was largely attended and a splendid entertainment. Miss Alice Goodwin sang better than at any time since she returned from Boston, and won more laurels, while the Misses Sebring did exceptionally well. Mrs. A. W. Thomas did unusually well, which means a great deal, and George Davidson was enthusiastically encored. The entertainment throughout was very good, and many were the compliments showered upon Mr. Weeks, chairman of the committee.

The other entertainment was the reception tendered the college boys at the association rooms last evening. The program was all that could be asked, and the large room was filled with spectators. Among the leading features was the club drill, in which each athlete was arrayed in white, with a sash of association colors, green and yellow. Little Miss Peyer of Rochester, recited, and lost none of her reputation by the performance, and the remainder of the program was excellent, each number being enthusiastically received.

BURNED TO DEATH.

An Awful Tragedy in Columbus This Morning.

Special to the NEWS REVIEW.

COLUMBUS, Jan. 2.—There was a fire in the city this morning, and as a result six burned and blackened bodies now await the coming of friends. The flames started in the house of John H. Hubbard, and while the family slept spread so rapidly that all escape was cut off for the inmates before the firemen could reach them. The dead are Mr. and Mrs. Hubbard, their children, Allen and Dorothy, Miss Fay Hubbard, and Mrs. Grace Hubbard Lee, of Barnesville. All that was possible was done to save them, but they perished miserably.

COMING TONIGHT.

The Handsome Virginia Is Coming Up the River.

The handsome new steamer Virginia is on its way up the river, and will be here this evening about 9 o'clock. It is the boat's maiden trip, and the owners have ordered that it remain at each important town where it lands long enough for the people who desire to see the boat to go over it from end to end. The boat takes the place of the Iron Queen, which was destroyed by fire last year. It is said to be the finest boat that ever plied the Ohio.

MARSHAL WYMAN NOW.

The Oath Was Administered and the Sheriff Is In Office.

John Wyman, who was appointed by council to fill out the unexpired term of Chief Gill, took the oath yesterday and immediately became the

city marshal. He at once assumed his duties, and will remain in office until the spring election. The question raised regarding the legality of the appointment does not trouble Mr. Wyman and will doubtless have little effect on the situation. An attorney who looked carefully into the law holds that Mr. Wyman was legally elected to the position and there is nothing to prevent him holding it.

IN NEW QUARTERS.

The News Review Moved Into Them Yesterday.

The NEWS REVIEW is now located in the handsome new quarters in the First National Bank building, on the ground floor. The machinery, cases, stones, type and other effects of the office were moved yesterday, and until late in the night the force was at work. The new quarters are commodious and pleasant, and give the employees ample opportunity to work well. The new machinery will be in place within a few days, and then all will be merry as a marriage bell. In spite of numerous difficulties, the moving was accomplished yesterday without accident.

STARTED TODAY.

Potteries are Running and Many Men are at Work.

Many potteries in the city resumed work today, and the prospect for work seems much better than for several years. It is confidently expected that trade will be good, and unless some circumstance at present unforeseen intervenes to change opinions there will be a steady run until summer.

The Union started today with a full force, and the Dresden had its men at work, while many were on at the Standard. Some departments of Knowles, Taylor & Knowles had their men out, and Laughlin's employees were working. The Sebring company started, and in a week all the potteries in town will be hard at it.

A MONTH OF MARRIAGES.

Judge Young Issued a Great Many in December.

Special to NEWS REVIEW.

LISBON, Jan. 2.—The record of marriage licenses for December is much greater than for other months of the year the total being 86 while the average is usually not more than 50. The great majority of licenses were issued to people residing in the county.

Alfred White, of this place, was in Judge Young's court last night charged with assault and battery by his wife. He was found guilty but sentence was suspended because he promised to reform and behave himself.

POULTRY MEN PLEASED.

They Will Hold Another Show Next Year.

The poultry association met on Tuesday evening, and the large attendance showed the interest manifested in the society. The business of the show was wound up, bills ordered paid, and all other affairs on hand were given attention. While the society did not make much money from the exhibition as that is not their intention, the members were pleased with the financial showing made. Another show will be conducted next year, and profiting by experience the association expect to make it much better.

THE INAUGURATION.

It Will be Governor Bushnell After Jan. 13.

The NEWS REVIEW acknowledges the receipt of an invitation to attend the inauguration of Governor Bushnell at Columbus on Jan. 13.

The event will in all probability be the greatest in the history of the state, and thousands will be there. The principal feature will be the parade in which a number of regiments of the National Guard will take part. It is not yet known whether Company E will attend, but it is probable it will not be there, owing to the vacancy in the position of captain.

Shooting for Points.

A happy party of amateur sportsmen spent yesterday afternoon very pleasantly on the grounds of the gun club. Hal Harker won two events, George Brunt and Dr. O. D. Shay were tied for another, and each of the party did his best to win.

I. N. Crable was decidedly successful at Rochester yesterday, and won several firsts and was ever near the head of the list.

A handicap shoot at blue rocks will take place over the river in a few weeks, the events being open to all.

HE DIED A PAUPER

William Veight's Sad End at the Infirmary.

SENT THERE ONLY LAST WEEK

He Came Here From Trenton, and Was Suffering From Frozen Feet—Drink and Exposure Killed Him, Although a Paralytic Stroke Is the Cause Given.

But little more than a week ago the township trustees sent William Veight, a wanderer, to the infirmary, and today they were informed that he had died there yesterday.

Veight was a sanitary potter, and had been employed in Trenton. A few weeks ago he was thrown out of employment, and decided to come to Ohio in search of work. He did not have a great deal of ready cash, and instead of paying his fare, he came west on a freight train. One cold night, as he was coming over the mountains in a box car his feet were frozen, but when he got to Pittsburgh the authorities told him they could do nothing for him, as he was not ill. Then he made his way here, and immediately upon arriving found himself a very sick man. He applied to the authorities for aid, and seemed in such a bad way that he was sent over the hills to the poorhouse. He grew worse after reaching there, and yesterday was stricken by paralysis, which resulted in death within a short time. The trustees were notified and arrangements made for shipping the body to Tiffin, where the parents of the poor unfortunate reside. His wife in Trenton was also notified. The trustees are of the opinion that Veight died from drink and exposure, as he was in awful condition physically when he reached the city.

LOOKING OVER THE GROUND.

Engineer Laube and Contractor Shrader in Town.

The bridge company do not propose to let any good weather get away without some work being done, and Engineer Laube accompanied by Contractor Shrader was in town this morning. The gentlemen had nothing to say for publication not knowing when the work will start. Much of the stone to be used in the construction of the piers will be taken from the hills on the other side of the river, and the contractor will soon have a force at work there.

HIS LIFE IN DANGER.

Rev. H. E. Hall is Very Ill in a Pittsburg Hospital.

Doctor Calhoun, of East End, is in receipt of a letter from Pittsburg, stating that Rev. H. E. Hall is in a hospital in that city, suffering from typhoid fever. The gentleman is in a dangerous condition, and it is feared he can not recover. Reverend Hall will be remembered as a former pastor of the Second M. E. church in this city, where he was popular with the congregation. He delivered a sermon here a few weeks ago, and at that time was in apparent good health.

IN SIXTEEN DAYS.

The Quarantine at the Mercer Residence Will be Lifted.

The Mercer boy who is afflicted with varioloid continues to get better, and if he gets no worse he will be allowed to leave his room on Sunday. Winnie Mercer is very much better, and seems to be all right. If no more cases develop in the family the quarantine will be lifted in 16 days. The health authorities think there is now no possible danger of the disease spreading.

Prisoners of War.

There are some 14 ex-prisoners of war now residing in East Liverpool, and a number of others throughout the county, and the indications are that an organization will be chartered in the very near future. Wellsville veterans, who were so unfortunate as to be captured, will take part with East Liverpool comrades in effecting an organization.

Bought a Good Dog.

The transfer of good dogs from one owner to another continues, the latest sale being made by John C. Owen to John Watkins. The dog is Blampton vice, a fox terrier that has taken second prize at Youngstown, second at Toronto, second at Canton, first novice and open at Rockford. The price paid was \$50.

To Build in Lisbon.

Deputy Walter Supplee, of S. Gill's office, is preparing for a loan, and is in Lisbon, and plans a prepared here for a cosy home, he will build in that place.

JAMES HILL IS DEAD

He Was Shot In the Head by Harry Allison.

SUFFERED ALMOST SIX WEEKS

The Boy Held Out Bravely, but Began to Sink Several Days Ago—The Accident Which Caused His Death May Not Be Investigated by the Authorities.

James Hill, the boy who was shot in the head by a companion almost six weeks ago, died on Tuesday evening.

The Association Concert and the Reception to College Boys.

BURNED TO DEATH.

An Awful Tragedy in Columbus This Morning.

Special to the NEWS REVIEW.

COLUMBUS, Jan. 2.—There was a fire in the city this morning, and as a result six burned and blackened bodies now await the coming of friends. The flames started in the house of John H. Hubbard, and while the family slept spread so rapidly that all escape was cut off for the inmates before the firemen could reach them. The dead are Mr. and Mrs. Hubbard, their children, Allen and Dorothy, Miss Fay Hubbard, and Mrs. Grace Hubbard Lee, of Barnesville. All that was possible was done to save them, but they perished miserably.

COMING TONIGHT.

The Handsome Virginia Is Coming Up the River.

The handsome new steamer Virginia is on its way up the river, and will be here this evening about 9 o'clock. It is the boat's maiden trip, and the owners have ordered that it remain at each important town where it lands long enough for the people who desire to see the boat to go over it from end to end. The boat takes the place of the Iron Queen, which was destroyed by fire last year. It is said to be the finest boat that ever plied the Ohio.

MARSHAL WYMAN NOW.

The Oath Was Administered and the Sheriff Is In Office.

John Wyman, who was appointed by council to fill out the unexpired term of Chief Gill, took the oath yesterday and immediately became the

city marshal. He at once assumed his duties, and will remain in office until the spring election. The question raised regarding the legality of the appointment does not trouble Mr. Wyman and will doubtless have little effect on the situation. An attorney who looked carefully into the law holds that Mr. Wyman was legally elected to the position and there is nothing to prevent him holding it.

IN NEW QUARTERS.

The News Review Moved Into Them Yesterday.

The NEWS REVIEW is now located in the handsome new quarters in the First National Bank building, on the ground floor. The machinery, cases, stones, type and other effects of the office were moved yesterday, and until late in the night the force was at work. The new quarters are commodious and pleasant, and give the employees ample opportunity to work well. The new machinery will be in place within a few days, and then all will be merry as a marriage bell. In spite of numerous difficulties, the moving was accomplished yesterday without accident.

STARTED TODAY.

Potteries are Running and Many Men are at Work.

Many potteries in the city resumed work today, and the prospect for work seems much better than for several years. It is confidently expected that trade will be good, and unless some circumstance at present unforeseen intervenes to change opinions there will be a steady run until summer.

The Union started today with a full force, and the Dresden had its men at work, while many were on at the Standard. Some departments of Knowles, Taylor & Knowles had their men out, and Laughlin's employees were working. The Sebring company started, and in a week all the potteries in town will be hard at it.

A MONTH OF MARRIAGES.

Judge Young Issued a Great Many in December.

Special to NEWS REVIEW.

LISBON, Jan. 2.—The record of marriage licenses for December is much greater than for other months of the year the total being 86 while the average is usually not more than 50. The great majority of licenses were issued to people residing in the county.

Alfred White, of this place, was in Judge Young's court last night charged with assault and battery by his wife. He was found guilty but sentence was suspended because he promised to reform and behave himself.

POULTRY MEN PLEASED.

They Will Hold Another Show Next Year.

The poultry association met on Tuesday evening, and the large attendance showed the interest manifested in the society. The business of the show was wound up, bills ordered paid, and all other affairs on hand were given attention. While the society did not make much money from the exhibition as that is not their intention, the members were pleased with the financial showing made. Another show will be conducted next year, and profiting by experience the association expect to make it much better.

THE INAUGURATION.

It Will be Governor Bushnell After Jan. 13.

The NEWS REVIEW acknowledges the receipt of an invitation to attend the inauguration of Governor Bushnell at Columbus on Jan. 13.

The event will in all probability be the greatest in the history of the state, and thousands will be there. The principal feature will be the parade in which a number of regiments of the National Guard will take part. It is not yet known whether Company E will attend, but it is probable it will not be there, owing to the vacancy in the position of captain.

Shooting for Points.

A happy party of amateur sportsmen spent yesterday afternoon very pleasantly on the grounds of the gun club. Hal Harker won two events, George Brunt and Dr. O. D. Shay were tied for another, and each of the party did his best to win.

I. N. Crable was decidedly successful at Rochester yesterday, and won several firsts and was ever near the head of the list.

A handicap shoot at blue rocks will take place over the river in a few weeks, the events being open to all.

HE DIED A PAUPER

William Veight's Sad End at the Infirmary.

SENT THERE ONLY LAST WEEK

He Came Here From Trenton, and Was Suffering From Frozen Feet—Drink and Exposure Killed Him, Although a Paralytic Stroke is the Cause Given.

But little more than a week ago the township trustees sent William Veight, a wanderer, to the infirmary, and today they were informed that he had died there yesterday.

Veight was a sanitary potter, and had been employed in Trenton. A few weeks ago he was thrown out of employment, and decided to come to Ohio in search of work. He did not have a great deal of ready cash, and instead of paying his fare, he came west on a freight train. One cold night as he was coming over the mountains in a box car his feet were frozen, but when he got to Pittsburgh the authorities told him they could do nothing for him, as he was not ill. Then he made his way here, and immediately upon arriving found himself a very sick man. He applied to the authorities for aid, and seemed in such a bad way that he was sent over the hills to the poorhouse. He grew worse after reaching there, and yesterday was stricken by paralysis, which resulted in death within a short time. The trustees were notified and arrangements made for shipping the body to Tiffin, where the parents of the poor unfortunate reside. His wife in Trenton was also notified. The trustees are of the opinion that Veight died from drink and exposure, as he was in awful condition physically when he reached the city.

LOOKING OVER THE GROUND.

Engineer Laube and Contractor Shrader in Town.

The bridge company do not propose to let any good weather get away without some work being done, and Engineer Laube accompanied by Contractor Shrader was in town this morning. The gentlemen had nothing to say for publication not knowing when the work will start. Much of the stone to be used in the construction of the piers will be taken from the hills on the other side of the river, and the contractor will soon have a force at work there.

HIS LIFE IN DANGER.

Rev. H. E. Hall is Very Ill in a Pittsburg Hospital.

Doctor Calhoun, of East End, is in receipt of a letter from Pittsburg, stating that Rev. H. E. Hall is in a hospital in that city, suffering from typhoid fever. The gentleman is in a dangerous condition, and it is feared he can not recover. Reverend Hall will be remembered as a former pastor of the Second M. E. church in this city, where he was popular with the congregation. He delivered a sermon here a few weeks ago, and at that time was in apparent good health.

IN SIXTEEN DAYS.

The Quarantine at the Mercer Residence Will be Lifted.

The Mercer boy who is afflicted with varioloid continues to get better, and if he gets no worse he will be allowed to leave his room on Sunday. Winnie Mercer is very much better, and seems to be all right. If no more cases develop in the family the quarantine will be lifted in 16 days. The health authorities think there is now no possible danger of the disease spreading.

Prisoners of War.

There are some 14 ex-prisoners of war now residing in East Liverpool, and a number of others throughout the county, and the indications are that an organization will be chartered in the very near future. Wellsville veterans, who were so unfortunate as to be captured, will take part with East Liverpool comrades in effecting an organization.

Bought a Good Dog.

The transfer of good dogs from one owner to another continues, the latest sale being made by John C. Owen to John Watkins. The dog is Blempton vice, a fox terrier that has taken second prize at Youngstown, second at Toronto, second at Canton, first novice and open at Rockford. The price paid was \$50.

EAST LIVERPOOL, O., THURSDAY, JAN. 2.

For President,
WILLIAM MCKINLEY,
OF OHIO.

The new resolution was worked double time yesterday.

WHEN the existing tariff law, the miserable concoction intended to please a few, has been replaced by a measure for protection, there will be no more bond issues by the government.

JUST why a syndicate, whose business is engineered by a personal friend of President Cleveland, should be allowed to make a good thing from an issue of government bonds, when there are patriotic Americans willing and anxious to advance the money, is a matter beyond human comprehension.

THE NEW TOWN IN POLITICS.

The Salem News in touching upon the new town which is to be built across the river remarks:

"In some respects this will be advantageous to the metropolis of Columbiana county, and in others it will be a detriment. One of the advantages will be found at primary elections, when there is some danger of the vote not proving sufficient. The disadvantages will be found in the fact that much of the town's population will belong to West Virginia and will be under the government of another state and can never be considered a part of East Liverpool."

The News is wrong, because it assumes to speak without a knowledge of the facts. This city will not contribute largely to the new town, because it will be peopled by the men who will find employment in its industries, strangers in this part of the world. As usual the Republican vote will be large in the ceramic city.

Marvelous Results

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at River Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery, it was quick in its work and highly satisfactory in results." Trial bottles free at the W. & W. drug store. Regular size 50 cents and \$1.

SMALL OHIO HAPPENINGS.

At Barnesville Mayor Baker continues to fine the keepers of speak-easies \$500 each.

John Lope, a farmer living west of Circleville, while returning home under the influence of liquor, fell from his wagon and was frozen to death.

The Blaine club of Portsmouth, is making extensive preparations for a banquet to be given Jan. 13 in celebration of the expected election of Hon. J. B. Foraker to the United States senate.

The Union Central Telephone company has secured a temporary injunction against the city of Marion, restraining the council from disturbing the telephone poles for the fire alarm system now introduced in that city.

A man giving his name as James Snider, alias William Bennett of Circleville, is accused of having forged checks for small amounts and having them cashed at the different stores about town. The amounts ranged from \$5 to \$10, and the same forged is Mrs. Ella R. Renick.

EMINENT MEN NAMED.

Members of the Venezuelan Commission Announced.

TWO BIG PARTIES REPRESENTED.

The Fifth Appointee Has No Outspoken Politics—No More Communications From Great Britain—Will Likely Submit Evidence to the Commission.

WASHINGTON, Jan. 2.—President Cleveland has announced the appointment of the Venezuelan boundary commission, as follows:

David J. Brewer of Kansas, justice of the court of appeals of the District of Columbia; Andrew D. White of New York, Frederick R. Condit of New York and Daniel C. Gilman of Maryland.

Justice Brewer is a Republican in politics and about 68 years of age. He is an associate justice of the United States supreme court.

Richard H. Alvey is a Democrat in politics and a man of marked ability. He is chief justice of the court of appeals of this District. He is about 60 years of age.

Andrew D. White is a Republican in politics. He is one of the best known men of letters in this country, and perhaps in the world, is an author and historian and has been the president of Cornell university. Mr. White is an ex-minister to Russia.

Frederick R. Condit is a Democrat in politics and is one of the best known members of the bar in New York. Mr. Condit was one of the counsel for the United States on the Bering sea commission.

The last named member of the commission, Daniel C. Gilman, president of Johns Hopkins university, is well known as an authority in international law. At the White House it is stated that he has no politics, but his proclivities are understood to be Republican.

The two great parties, it will be seen, are equally represented on the commission, with the fifth member having no outspoken politics.

No communication of any kind regarding the Venezuelan dispute has come to the United States from Great Britain since Lord Salisbury's answer to Secretary Olney, and the question stands entirely on the correspondence up to that time and the subsequent action of congress. President Crespo has sent a direct message to the executive branch of the United States.

The expectation is that the commission will convene very soon, select their secretaries, translators and executive officers, and determine upon their course of procedure. There is \$100,000 available for expenses under the act creating the body. A good part of this will be expended in the salaries of the commissioners, which will be commensurate with their station and the importance of the work involved, except in the case of an official like Justice Brewer, already holding a government position.

The policy which the commission will adopt is being awaited with much interest by those most concerned. The act makes the commission independent of the state department and all executive control, so that it will be for the body itself to decide on the method of procedure and whether it will go abroad to search for foreign archives.

On the part of Great Britain there is a growing impression in official quarters that indirect participation in the work of the commission will be secured. The British attitude of late has been favorable to an investigation by the United States of the basis of the British claims, for it is felt that the inquiry had been ex parte up to the time of the action of congress. There was good reason to believe when the commission was first proposed that Great Britain would not recognize it and might take offense at its creation. But the names of the men mentioned as likely to constitute it has changed this feeling, until the present indication is that the British will not be averse to establishing before such a body the rights which Lord Salisbury stated to be incontestable.

On the part of Spain it is known that no objection will be raised to the fullest examination of the Spanish archives. Mr. Olney has not yet requested that such an examination be allowed, but he is assured of a favorable answer in case a request is submitted. In this connection it is said that the recent reports from Europe of an understanding between Great Britain, Spain and other countries for joint action against the Monroe doctrine is not warranted at least so far as Spain is concerned.

MORTON FAVORS ARBITRATION.

The Governor Comments on the Venezuelan Dispute in His Message.

ALBANY, Jan. 2.—Governor Levi P. Morton's second annual message, submitted to the legislature upon the convening of that body, touches upon the pending controversy between the United States and Great Britain in the following paragraphs:

"The doctrine formulated by President Monroe and which has since borne his name has become so well established in American national policy that there is no room for doubt as to the opinion of our people concerning it. Arbitration affords a simple, humane and honorable method of determining national disputes, and it is scarcely conceivable at this period of the world's history that any great nation is willing to take the responsibility of the needless sacrifice of human life and the wanton destruction of property which would be the inevitable result of an armed conflict."

In the house a resolution was passed that arbitration should be resorted to in all international disputes and that every honorable means should be resorted to avoid a rupture of the amicable relations between Great Britain and the United States.

In the senate a resolution of the same import was adopted after an amendment endorsing President Cleveland's policy had been defeated by a strict party vote. Hon. Hamilton Fish was elected speaker of the house.

A Denial That She Will Back Us In the Venezuelan Dispute.

ST. PETERSBURG, Jan. 2.—It is semi-officially stated that the statements made in the St. Petersburg dispatch of Dec. 27 to Tageblatt of Berlin are unfounded. In the dispatch referred to it was stated that the United States government had been sounding Russia regarding the dispute with Great Britain of the Venezuelan question, and the former was said to have received the most favorable reply.

According to the semi-official statement, Russia will observe complete neutrality in the matter, her interests not being affected by the Venezuelan dispute.

Dr. Jameson's Invasion of the Transvaal Means Trouble.

GERMANY WANTS AN EXPLANATION

That Country Has Assumed a Protectorate, as Holland Is Not Able to Interfere—England Repudiates Jameson's Action—Trying to Stop Him.

LONDON, Jan. 2.—The news from the Transvaal republic tends to confirm the gravity of the situation there growing out of the invasion of the Boer territory by an armed force of the British South Africa company, numbering about 700 men, with Maxim guns, led by Dr. Jameson, the British commissioner who was so successful in his operations against King Lobengula. The Transvaal president, Kruger, has called upon the Burghers to defend their country and a serious conflict is anticipated in spite of the fact that the colonial secretary, the Hon. Joseph Chamberlain has telegraphed to Dr. Jameson to withdraw into British territory and has urged President Kruger to do his utmost to prevent bloodshed.

A dispatch received here from the Transvaal by a financial paper says: "The Burghers are advancing to meet Jameson. A conflict is hourly expected."

The newspapers comment at great length upon this fresh trouble which the British government has to face. They recognize the fact that the invasion of the Transvaal, although made upon the urgent request of thousands of Englishmen and others in the Transvaal, who complain that they have to pay the whole revenue of the country while being denied representation is liable to give particular offense to Germany, whose friendship at this critical stage the Marquis of Salisbury is most anxious to cultivate.

As the telegraph wires are believed to have been cut behind Dr. Jameson's force, and as the Boer forces, well armed and equipped, have been mobilized under General Joubert, news of a bloody conflict is expected. The Boers can put in the field about 6,000 good fighting men, supported with Maxim guns, and to oppose this force Dr. Jameson has only about 700 men, with six Maxim guns, who may receive the direct or indirect assistance of about 4,000 untrained and badly armed Englishmen.

However, Jameson may be able to call to his support 1,000 men belonging to the De Beers company whose headquarters are Kimberley. Those men are well equipped and would prove an effective reinforcement for Dr. Jameson. But, as the latter is already said to be advancing upon Johannesburg with his small body of men, he may meet the Boers and the issue be decided before any reinforcements can reach him. Great Britain, through the colonial secretary, has offered to arbitrate the matter, but it is feared that the offer has come too late and that the

most serious consequences are to be apprehended.

A dispatch from The Hague to The Times says that the Rotterdamse Courant regards Dr. Jameson's action in the Transvaal as a most flagrant example of British arrogance. It admits that Holland can do nothing for the Boers.

The Berlin correspondent of The Times says: "The crisis is clearly endangering the Anglo-German relations. Germany has assumed, in the public mind, almost the shape of a moral protectorate over the Transvaal."

A special dispatch received here from Berlin says: It is stated at the German capitol that Emperor William has promised his moral support to the Boers, and has indicated that he may take other measures if Great Britain persists in her present course.

The Kolnische Zeitung states that Germany has addressed an official inquiry to England as to the steps the English government intended to take to restore the status quo in the Transvaal.

Dr. Jameson, the leader of the party of British South Africa company sympathizers now engaged apparently in an invasion of the Transvaal, is the administrator for the British South Africa company's territories in Mashonaland and Matabeleland.

As administrator for the land owned by the British South Africa company, Dr. Jameson has shown considerable executive ability and has proved that he is not lacking in the kind of strategic skill which has made more than one British Chartered company acquire vast expanses of territory at little expense, although in some instances with considerable bloodshed and duplicity.

When the British Chartered company engaged in its little war against the unfortunate King Lobengula of Matabeleland Dr. Jameson was the prime mover in all the successful operations which first brought about the Matabele war and eventually the practical annexation of that vast territory to Great Britain.

It is stated that President Kruger has telegraphed to Colonial Secretary Chamberlain pledging his government that the Boers shall temporarily adopt a passive attitude toward Dr. Jameson's force on its arrival outside of Johannesburg.

An important feature of the arrangement between Chamberlain and President Kruger is that all responsibility for hostility will rest with the Chartered South Africa company.

Colonial Secretary Chamberlain, in a statement, says: "The British agent at Johannesburg is going forward to meet Dr. Jameson and to order him, in the queen's name, to retire forthwith. I have called upon the chartered company to repudiate Dr. Jameson's proceedings, of which the company says it is entirely ignorant."

Mr. Cecil Rhodes, premier of Cape Colony, has stated that Dr. Jameson acted without his authority. As soon as he heard that he contemplated entering the Transvaal he endeavored to stop him, but found that the wires were cut.

Frederick R. Condert is a Democrat
in politics and is one of the best known
members of the bar in New York. Mr.
Condert was one of the counsel for the
United States on the Bering sea com-
mission.

The last named member of the com-
mission, Daniel C. Gilman, president
of Johns Hopkins university, is well
known as an authority in international
law. At the White House it is stated
that he has no politics, but his predilec-
tions are understood to be Republican.
The two great parties, it will be seen,
are equally represented on the com-
mission, with the fifth member having no
outspoken politics.

No communication of any kind re-
garding the Venezuelan dispute has
come to the United States from Great
Britain since Lord Salisbury's answer
to Secretary Olney, and the question
stands entirely on the correspondence
up to that time and the subsequent ac-
tion of congress. President Crespo has
sent a direct message to the executive
branch of the United States.

The expectation is that the com-
mission will convene very soon, select
their secretaries, translators and ex-
ecutive officers and determine upon
their course of procedure. There is
\$100,000 available for expenses
under the act creating the body. A
good part of this will be expended in
the salaries of the commissioners, which
will be commensurate with their sta-
tion and the importance of the work
involved, except in the case of an offi-
cial like Justice Brewer, already hold-
ing a government position.

The policy which the commission
will adopt is being awaited with much
interest by those most concerned. The
act makes the commission independent
of the state department and all ex-
ecutive control, so that it will be for
the body itself to decide on the method
of procedure and whether it will go
abroad to search for foreign archives.

On the part of Great Britain there is
a growing impression in official quar-
ters that indirect participation in the
work of the commission will be se-
cured. The British attitude of late has
been favorable to an investigation by
the United States of the basis of the
British claims, for it is felt that the in-
quiry had been ex parte up to the time
of the action of congress. There was
good reason to believe when the
commission was first proposed that
Great Britain would not recognize it
and might take offense at its creation.
But the names of the men mentioned
as likely to constitute it has changed
this feeling, until the present indica-
tion is that the British will not be
averse to establishing before such a
body the rights which Lord Salisbury
stated to be incontestable.

On the part of Spain it is known
that no objection will be raised to the
fullest examination of the Spanish
archives. Mr. Olney has not yet re-
quested that such an examination be
allowed, but he is assured of a favor-
able answer in case a request is sub-
mitted. In this connection, it is said
that the recent reports from Europe of
an understanding between Great Brit-
ain, Spain and other countries for joint
action against the Monroe doctrine is
not warranted at least so far as Spain
is concerned.

MORTON FAVORS ARBITRATION.

The Governor Comments on the Venezue-
lan Dispute in His Message.

ALBANY, Jan. 2.—Governor Levi P.
Morton's second annual message, sub-
mitted to the legislature upon the con-
vailing of that body, touches upon the
pending controversy between the
United States and Great Britain in the
following paragraphs:

"The doctrine formulated by Presi-
dent Monroe and which has since borne
his name has become so well estab-
lished in American national policy that
there is no room for doubt as to the
opinion of our people concerning it.
Arbitration affords a simple, humane
and honorable method of determining
national disputes, and it is scarcely
conceivable at this period of the world's
history that any great nation is willing
to take the responsibility of the need-
less sacrifice of human life and the
wanton destruction of property which
would be the inevitable result of an
armed conflict."

In the house a resolution was passed
that arbitration should be resorted to
in all international disputes and that
every honorable means should be re-
sorted to to avoid a rupture of the
amicable relations between Great Brit-
ain and the United States.

In the senate a resolution of the same
import was adopted after an amend-
ment endorsing President Cleveland's
policy had been defeated by a strict
party vote. Hon. Hamilton Fish was
elected speaker of the house.

Dr. Jameson's Invasion of the
Transvaal Means Trouble.

GERMANY WANTS AN EXPLANATION

That Country Has Assumed a Protector-
ate, as Holland Is Not Able to Inter-
fere—England Repudiates Jameson's
Action—Trying to Stop Him.

LONDON, Jan. 2.—The news from the
Transvaal republic tends to confirm the
gravity of the situation there growing
out of the invasion of the Boer terri-
tory by an armed force of the British
South Africa company, numbering
about 700 men, with Maxim guns, led
by Dr. Jameson, the British commis-
sioner who was so successful in his
operations against King Lobengula.
The Transvaal president, Kruger, has
called upon the Burghers to defend
their country and a serious conflict is
anticipated in spite of the fact that the
colonial secretary, the Hon. Joseph
Chamberlain has telegraphed to Dr.
Jameson to withdraw into British ter-
ritory and has urged President Kruger
to do his utmost to prevent bloodshed.

A dispatch received here from the
Transvaal by a financial paper says:
"The Burghers are advancing to meet
Jameson. A conflict is hourly ex-
pected."

The newspapers comment at great
length upon this fresh trouble which
the British government has to face.
They recognize the fact that the in-
vasion of the Transvaal, although made
upon the urgent request of thousands
of Englishmen and others in the Trans-
vaal, who complain that they have to
pay the whole revenue of the country
while being denied representation is
liable to give particular offense to Ger-
many, whose friendship at this critical
stage the Marquis of Salisbury is most
anxious to cultivate.

As the telegraph wires are believed
to have been cut behind Dr. Jameson's
force, and as the Boer forces, well
armed and equipped, have been mobil-
ized under General Joubert, news of a
bloody conflict is expected. The Boers
can put in the field about 6,000 good
fighting men, supported with Maxim
guns, and to oppose this force Dr.
Jameson has only about 700 men with
six Maxim guns, who may receive the
direct or indirect assistance of about
4,000 untrained and badly armed En-
glishmen.

However, Jameson may be able to
call to his support 1,000 men belonging
to the De Beers company whose head-
quarters are Kimberley. Those men
are well equipped and would prove an
effective reinforcement for Dr. Jame-
son. But, as the latter is already said
to be advancing upon Johannesburg
with his small body of men, he may
meet the Boers and the issue be de-
cided before any reinforcements can
reach him. Great Britain, through the
colonial secretary, has offered to arbi-
trate the matter, but it is feared that
the offer has come too late and that the

most serious consequences are to be ap-
prehended.

A dispatch from The Hague to The
Times says that the Rotterdamsche
Courant regards Dr. Jameson's action
in the Transvaal as a most flagrant ex-
ample of British arrogance. It admits
that Holland can do nothing for the
Boers.

The Berlin correspondent of The
Times says: "The crisis is clearly en-
dangering the Anglo-German relations.
Germany has assumed, in the public
mind, almost the shape of a moral pro-
tectorate over the Transvaal."

A special dispatch received here from
Berlin says: It is stated at the Ger-
man capitol that Emperor William has
promised his moral support to the
Boers, and has indicated that he may
take other measures if Great Britain
persists in her present course.

The Kolnische Zeitung states that
Germany has addressed an official in-
quiry to England as to the steps the
English government intended to take
to restore the status quo in the Trans-
vaal.

Dr. Jameson, the leader of the party
of British South Africa company sym-
pathizers now engaged apparently in an
invasion of the Transvaal, is the ad-
ministrator for the British South Africa
company's territories in Mashonaland
and Matabeleland.

As administrator for the land owned
by the British South Africa company,
Dr. Jameson has shown considerable
executive ability and has proved that
he is not lacking in the kind of strate-
gic skill which has made more than one
British Chartered company acquire vast
expanses of territory at little expense,
although in some instances with con-
siderable bloodshed and duplicity.

When the British Chartered company
engaged in its little war against the
unfortunate King Lobengula of Mata-
beleland Dr. Jameson was the prime
mover in all the successful operations
which first brought about the Matabele
war and eventually the practical an-
nexation of that vast territory to Great
Britain.

It is stated that President Kruger has
telegraphed to Colonial Secretary
Chamberlain pledging his government
that the Boers shall temporarily adopt
a passive attitude toward Dr. Jameson's
force on its arrival outside of Johann-
esburg.

An important feature of the arrange-
ment between Chamberlain and Presi-
dent Kruger is that all responsibility
for hostility will rest with the Char-
tered South Africa company.

Colonial Secretary Chamberlain, in a
statement, says: "The British agent
at Johannesburg is going forward to
meet Dr. Jameson and to order him, in
the queen's name, to retire forthwith.
I have called upon the chartered com-
pany to repudiate Dr. Jameson's pro-
ceedings, of which the company says it
is entirely ignorant."

Mr. Cecil Rhodes, premier of Cape
Colony, has stated that Dr. Jameson
acted without his authority. As soon
as he heard that he contemplated en-
tering the Transvaal he endeavored to
stop him, but found that the wires
were cut.

A DRIVER ROBBED.
He Had \$1,000 In Gold and \$11,000 Besides.

THIEVES BEAT HIM AND GOT GOLD.
Late Two Other Drivers Were Arrested and Part of the Money Found In Their Possession—Two Important Robberies Occur at Cincinnati.

CINCINNATI, Jan. 2.—Three men have assaulted Herman Rohling, driver, in a heavy stable and after beating him to insensibility took from his trunk about \$1,000 in gold. They overlooked a package containing over \$11,000 in bonds and greenbacks which Rohling, though only a driver, had accumulated in his 30 years. Two of the three men were captured by the police. They were John Weber, formerly a driver employed with Rohling, and Peter Shannon, also a driver. Nearly half the money was recovered.

Two men entered the apartments of Mrs. Will Hyde, on the fourth floor of the building at the southeast corner of Sixth and Elm streets. One of them placed a revolver in Mrs. Hyde's face and demanded that she give them what money she had in her possession. She attempted to make an outcry, whereupon the men jerked the tablecloth from the table, scattering the dishes on the floor, and threw it over her head. While one of the men held her thus, the other extracted \$50 from her pocket and ransacked everything in the room. They then made a hasty exit.

CAUGHT A GOLDEN EAGLE.
A South American Visitor Caged After a Hot Fight.

SOUTH COLOS., O., Jan. 2.—Allen Cooper, a farmer living near this place, has captured a large South American golden eagle that must have lost its bearings and been driven north by a storm. When Cooper saw the eagle it was in an apple tree and a dog was under the tree barking at it. It flew to the lower branches of a white oak tree, where Mr. Cooper threw a club at it. The eagle flew down to the ground and engaged in a desperate fight with the dog.

His South American lordship soon drove the dog off. Mr. Cooper then captured the eagle without breaking a bone or a feather, and now has him caged. He measures 7 feet and 10 inches from tip of tip of its beautiful golden-gray wings, and weighs 12 pounds.

It also increased the tax duplicate \$11,000,000, which is about 5 per cent increase; it also increases the bonded debt about \$1,500,000, which is likewise an increase of about 5 per cent. The villages annexed are: Linwood, Avondale, Clifton, Westwood and Riverside, five villages with an aggregate population of 16,000.

Still Missing From Cincinnati.
CINCINNATI, Jan. 2.—The friends of Alexander Knopfel of Bay City, Mich., have given him up as lost. He had been spending the past month in Florida for his health. One week ago last Monday he stopped here on his return. His wife missed him on Christmas eve, and he has not been seen since. WHITE HOUSE RECEPTION.

President and Mrs. Cleveland Receive on New Year's Day.
WASHINGTON, Jan. 2.—New Year's day was celebrated here in the good old-fashioned way. Washington, of late years, is almost the only city that has retained the old custom. Calls were exchanged by everybody in official and private life. All of the officials received, the president first of all, the vice president, the members of the cabinet, heads of bureaus and so on down to the humblest officials and after that the great social public.

Just before 11 o'clock the president and Mrs. Cleveland descended the stairway from the private portion of the house followed by the members of the cabinet, and exchanged greetings with the members of the diplomatic corps, who came resplendent in full court costume. The president then took his place in the blue parlor next the door, with Mrs. Cleveland on his right. In the line beside her were the wives of the members of the cabinet and Miss Herbert, daughter of Secretary Herbert. Behind them were the wives and daughters of a number of senators and representatives. The Marine band played.

Following the diplomats came the members of the United States supreme court, headed by Chief Justice Fuller, the judges of the court of claims, of the court of appeals and of the supreme court of the District of Columbia. The senators and representatives and delegates in congress were next in line, not very many in number, but including most of the men of national renown.

At 11:40 the officers of the army stationed in Washington appeared in a body, in full dress uniform, headed by Major General Miles, with his personal staff, and in their rear came the officers of the navy led by Commodore Matthews, Pythian and Melville, and in their turn the officers of the District of Columbia national guard with General Ordway at their head.

The regents of the Smithsonian Institution, the civil service and interstate commerce commissions, the assistant secretaries of the various executive departments and bureau chiefs came along in rather loose order, and, with the U. S. R. Loyal Legion and Veteran organizations, wound up the official contingent, and preceded the general public, which came several thousand strong to grasp the hand of the president and of Mrs. Cleveland.

SOLDIERS WHIP POLICEMEN.

A Fierce Fight Over Beer at a Bridgeport, Conn., Dance.

BRIDGEPORT, Conn., Jan. 2.—A battle between soldiers and police has occurred in Sadler's big hall, in which about 30 men were seriously injured. The soldiers were finally defeated and 20 are locked up. A raiding party went to Sadler's hall, where the Kosciuszko guards, a military organization, were holding a dance, to execute a warrant for the seizure of beer. The soldiers drew their sabers and drove the officers from the hall.

A reinforcement of 15 policemen was called and attempted to enter the hall, but the guards beat them back with their sabers. The police went out and slashed and severed of them were injured. The captain of the Kosciuszko guards is hardly recognizable from the bumps and cuts on his face from the policemen's clubs. Every one of the 20 prisoners bear marks of the melee. They were spattered with blood and their uniforms are in shreds. The women acted like furies. They jumped on the police and scratched their faces and tore their hair out by handfuls.

A VICTIM OF BLACKMAILERS.

Rev. Charles O. Brown Makes Public Another Unfortunate Experience.

SAN FRANCISCO, Jan. 2.—Scandal is being added to scandal in the sensational developments of the accusations made by the Rev. Charles O. Brown against Mrs. Mary Davidson. Nearly two years ago the reverend gentleman declares Mrs. M. A. Stockton, member of his own congregation, a woman who assumed a Christian spirit and won friends in the church, sent him a message. She was on a bed of illness, she wrote him, and asked him to call to give that spiritual consolation which in his vocation he must render. It was his duty to go and he went. He had no more than entered the room, he declares, than Mrs. Stockton sprang toward him and, throwing her arms around him, kissed him.

Before he could release himself a confederate of Mrs. Stockton was in the room, a smiling spectator of the scene. Dr. Brown says he realized that he was trapped. He left the room as rapidly as possible. Distressed and excited, he declares he did not know what to do. He could not evade an understanding of the woman's motive, but he says he did not feel able to tell his congregation. He had absolutely nothing more to do with her, although she continued to attend the First Congregational church. Although he could do nothing himself, he had friends who were active in his behalf. Mrs. Stockton had a lawyer, and if his sworn affidavit be the truth, Mrs. Stockton was not only trapped in her game upon Dr. Brown, but in two others in which she hoped to make large sums of money. Mrs. Stockton is still a member of the First Congregational church, of which Dr. Brown is pastor.

A Boston special says: Mrs. Davidson, while in Boston, beat Mrs. Sarah J. Stevens, an old woman, out of \$4,000.

ADVANCE BY DE ARMIT.

This Insures a Better Mining Rate in the Pittsburgh District.

PITTSBURGH, Jan. 2.—The New York and Cleveland Gas Coal company, William P. De Armit president, has issued notices to its employees at the three large mines of a 64-cent a ton cash rate hereafter. It is claimed by other producers of coal that this large company has been an obstacle in the way of preventing the payment of fair wages to miners, as the rate paid was on the face lower than the district price.

At the last convention of the miners and operators of the Pittsburgh district, it was agreed that the rate of the district should be the same as the rate paid by the above company.

The efforts of the committee to secure "true uniformity" have been very successful, and the prospects for an advance in mining rates are now better than ever before.

FIVE MEN BURNED.

Three Likely to Die From a Mine Explosion Near Shamokin, Pa.

SHAMOKIN, Pa., Jan. 2.—Five men have been badly burned, three of them probably fatally, by an explosion of gas in the Girard mine. Those who are likely to die from their burns are: Samuel McDungel, miner; Michael Yundea, miner, and Joseph Encowski, laborer.

The flesh was so terribly roasted that it dropped from their arms and faces. The explosion was caused by a naked lamp igniting the gas.

A large force of men are at work on the improvements at the freight depot, and expect to have the place finished by the middle of the month. The work has been delayed by the illness of several carpenters.

The leap year ball at Bradshaw hall last evening was a pleasant event and few if any invitations were declined. The ladies had almost forgotten the manner of asking their male friends to dance, but they soon learned.

A brawl in which several men took a prominent part occurred on Walnut street, near Forest, last night. One man got a black eye for defending his friend, and another was knocked down with such force that the fight ended at once.

Nelson Cornell, who has carried the mail from the depot to the postoffice since the office was moved, has been superseded by Thomas Sample, of Minerva. The position is in the gift of the railroad company, and Postmaster Miskall has nothing to do with the appointment.

When the marriage of Fred Hulme and Miss Ellen Chadwick was announced a few days ago, the statement was made that the young people were made one in the office of Squire Manley, when in reality they were married at the residence of the groom on Lincoln avenue. The guests were royally entertained.

The ball given by the glassworkers in the rink on Tuesday evening was undoubtedly the most enjoyable the city has ever conducted. The costumes were in many instances very beautiful and expensive, and the rivalry was pronounced. Tom McGeever and Miss Maude Barber got the prizes for the finest costumes, and Harry Floto, of Steubenville, and Mrs. Mary Catner, of this city, were awarded prizes for the most antique costumes.

He Had \$1,000 In Gold and \$11,000 Besides.

THIEVES BEAT HIM AND GOT GOLD.

Later Two Other Drivers Were Arrested and Part of the Money Found In Their Possession—Two Important Robberies Occur at Cincinnati.

CINCINNATI, Jan. 2.—Three men have assaulted Herman Rohling, driver, in a heavy stable and after beating him to insensibility took from his trunk about \$1,000 in gold. They overlooked a package containing over \$11,000 in bonds and greenbacks which Rohling, though only a driver, had accumulated in his 50 years. Two of the three men were captured by the police. They were John Weber, formerly a driver employed with Rohling, and Peter Shannon, also a driver. Nearly half the money was recovered.

Mrs. Will Hyde, on the fourth floor of the building at the southeast corner of Sixth and Elm streets. One of them placed a revolver in Mrs. Hyde's face and demanded that she give them what money she had in her possession. She attempted to make an outcry, whereupon the men jerked the tablecloth from the table, scattering the money on the floor, and threw it over her head. While one of the men held her thus, the other extracted \$50 from her pocket and ransacked everything in the room. They then made a hasty exit.

A South American Visitor Caged After a Hot Fight.

SOUTH COLO., O., Jan. 2.—Allen Cooper, a farmer living near this place, has captured a large South American golden eagle that must have lost its bearings and been driven north by a storm. When Cooper saw the eagle it was in an apple tree and a dog was under the tree barking at it. It flew to the lower branches of a white oak tree, where Mr. Cooper threw a club at it. The eagle flew down to the ground and engaged in a desperate fight with the dog.

WHITE HOUSE RECEPTION.

President and Mrs. Cleveland Receive on New Year's Day.

WASHINGTON, Jan. 2.—New Year's day was celebrated here in the good old-fashioned way. Washington, of late years, is almost the only city that has retained the old custom. Calls were exchanged by everybody in official and private life. All of the officials received, the president first of all, the vice president, the members of the cabinet, heads of bureaus and so on down to the humblest officials and after that the great social public.

Just before 11 o'clock the president and Mrs. Cleveland descended the stairway from the private portion of the house followed by the members of the cabinet, and exchanged greetings with the members of the diplomatic corps, who came resplendent in full court costume. The president then took his place in the blue parlor next the door, with Mrs. Cleveland on his right. In the line beside her were the wives of the members of the cabinet, and Miss Herbert, daughter of Secretary Herbert. Behind them were the wives and daughters of a number of senators and representatives. The Marine band played.

Following the diplomats came the members of the United States supreme court, headed by Chief Justice Fuller, the judges of the court of claims, of the court of appeals and of the supreme court of the District of Columbia. The senators and congressmen and delegates in congress were next in line, not very many in number, but including most of the men of national renown.

At 11:40 the officers of the army stationed in Washington appeared in a body, in full dress uniform, headed by Major General Miles, with his personal staff, and in their rear came the officers of the navy led by Commodore Matthews, Pythian and Melville, and in their turn the officers of the District of Columbia national guard with General Ordway at their head.

SOLDIERS WHIP POLICEMEN.

A Fierce Fight Over Beer at a Bridgeport, Conn., Dance.

BRIDGEPORT, Conn., Jan. 2.—A battle between soldiers and police has occurred in Sadler's big hall, in which about 30 men were seriously injured. The soldiers were finally defeated, and 20 are locked up. A raiding party went to Sadler's hall, where the Kosciuszko guards, a military organization, were holding a dance, to execute a warrant for the seizure of beer. The soldiers drew their sabers and drove the officers from the hall.

A reinforcement of 15 policemen was called and attempted to enter the hall, but the guards beat them back with their sabers. The police were cut and slashed and several of them were injured. The captain of the Kosciuszko guards is hardly recognizable from the bumps and cuts on his face from the policemen's clubs. Every one of the 20 prisoners bear marks of the melee. They were spattered with blood and their uniforms are in shreds. The women acted like furies. They jumped on the police and scratched their faces and tore their hair out by handfuls.

A VICTIM OF BLACKMAILERS.

Rev. Charles O. Brown Makes Public Another Unfortunate Experience.

SAN FRANCISCO, Jan. 2.—Scandal is being added to scandal in the sensational developments of the accusations made by the Rev. Charles O. Brown against Mrs. Mary Davidson. Nearly two years ago the reverend gentleman declares Mrs. M. A. Stockton, member of his own congregation, a woman who assumed a Christian spirit and won friends in the church, sent him a message. She was on a bed of illness, she wrote him, and asked him to call to give that spiritual consolation which in his vocation he must render. It was his duty to go and he went. He had no more than entered the room, he declares, than Mrs. Stockton sprang toward him and, throwing her arms around him, kissed him.

Before he could release himself a confederate of Mrs. Stockton was in the room, a smiling spectator of the scene. Dr. Brown says he realized that he was trapped. He left the room as rapidly as possible. Distressed and excited, he declares he did not know what to do. He could not evade an understanding of the woman's motive, but he says he did not feel able to tell his congregation. He had absolutely nothing more to do with her, although she continued to attend the First Congregational church. Although he could do nothing himself, he had friends who were active in his behalf. Mrs. Stockton had a lawyer, and if his sworn affidavit be the truth, Mrs. Stockton was not only trapped in her game upon Dr. Brown, but in two others in which she hoped to make large sums of money. Mrs. Stockton is still a member of the First Congregational church, of which Dr. Brown is pastor.

A Boston special says: Mrs. Davidson, while in Boston, beat Mrs. Sarah J. Stevens, an old woman, out of \$4,000.

ADVANCE BY DE ARMIT.

This Insures a Better Mining Rate in the Pittsburgh District.

PITTSBURGH, Jan. 2.—The New York and Cleveland Gas Coal company, William P. De Armit president, has issued notices to its employees at the three large mines of a 64-cent a ton cash rate hereafter. It is claimed by other producers of coal that this large company has been an obstacle in the way of preventing the payment of fair wages to miners, as the rate paid was on the face lower than the district price.

At the last convention of the miners and operators of the Pittsburgh district, it was agreed that the rate of the district should be the same as the rate paid by the above company.

The efforts of the committee to secure "true uniformity" have been very successful, and the prospects for an advance in mining rates are now better than ever before.

Superintendent Alexander Law and Foreman Evan Jenkins were seriously burned about the face, arms and body, but will recover. The bodies of the three first named present a horrible appearance. BROKE DOWN THE DOOR

There Are Wicked Young Men on Franklin Street.

MRS. SALLY WYNNE TERRORIZED

The Crowd Broke Down the Door at Her House and Threatened Her With a Hatchet—Second Time Within a Week. She Is Soon Going to Move Out.

Mrs. Sally Wynne spent anything but a pleasant time on Tuesday night, and in consequence has decided to move out of the neighborhood in which she lives.

Mrs. Wynne resides with her father on Franklin street, and went to bed on Tuesday evening at an early hour. Late in the night she was awakened by the sound of some one pounding on the door and hastening to the front part of the house found that the door had been torn down and several young men had possession of the room. They refused to go, but pleaded for her to get them some whisky, but she refused, and they became threatening. They wanted to mash up everything they could find in the kitchen and spoke of throwing out the stove, but after a time were pacified and went away. Mrs. Wynne has received two visits of this kind within a week, and does not relish them, although to a reporter she would not tell the names of the guilty parties. However, she said she had grown weary of these affairs and would move into a neighborhood where there is quiet.

GUY'S MINSTRELS.

They Play at the Grand Opera House Tonight.

Guy's minstrels, made up of 25 artists, arrived at noon, and will play at the Grand this evening. The entertainment is first class in every particular, and the singing, dancing and other specialties are right up to date. The statutory work of the Guy brothers is nothing short of excellent, and is always loudly applauded. The orchestra is second to none, and taking all things into consideration the company can put on the boards a fine performance.

The attraction at the Grand tomorrow evening is "Killarney," a fine play by an exceptionally good company.

The great majority of men and women, of even very much more than ordinary intelligence, pay no attention whatsoever to the well established rules governing the preservation of health. Simple symptoms of indigestion or slight disarrangements of the stomach or system are treated by them as trivial happenings, having no weight or bearing upon their general health. In this seeming neglect or too much over confidence in their own robustness lies the greatest mistake of their lives, as it is invariably from these little ailments giant chronic diseases spring. To guard fully against such evils, use Libby's Phosphatic Beef, Iron and Wine; the only true tonic to the stomach system, system and nerves, perfect strength and tissue producer, and new rich blood matter. Go or send for it to Alvin H. Bulger, druggist, Sixth and West Market.

Two More Cases.

Two new cases of typhoid fever were reported to the health officer yesterday, one at the home of George Reed, Sugar street, and one at William Duke's, Lincoln avenue. With these two cases it will make about eight cases reported in 30 days.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. Fifty cents and \$1 per bottle at the W. & W. drug store.

Will Celebrate Tonight.

The American Mechanics will observe their anniversary this evening instead of on Friday, as was announced. A large attendance of members will celebrate the seventh birthday.

Carlton Cornwell, foreman of the Gazette, Middletown, N. J., believes that Chamberlain's Cough Remedy should be in every home. He used it for a cold and it effected a speedy cure. He says: "It is indeed a grand remedy. I can recommend to all. I have also seen it used for whooping cough, with the best results." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

The Elks' Party.

The Elks spent last evening in a delightful manner at their rooms in the Thompson building. A large number were present, and their enjoyment could not be questioned.

There is good reason for the popularity of Chamberlain's Cough Remedy. Davis & Buzard, of West Monterey, Clarion company, Pa., says: "It has cured people that our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough Remedy and they now recommend it with the rest of us." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

Call It a Craze.

AN ALARMING STATEMENT CONCERNING WOMEN.

HOW BAD HABITS ARE FORMED.

The New York Tribune says: "The habit of taking 'headache powders' is increasing to an alarming extent among a great number of women throughout the country. These powders are not only injurious to the system, but they are also a positive and speedy cure for any form of headache. In many cases their chief ingredient is morphine, opium, cocaine or some other equally injurious drug having a tendency to deaden pain. The habit of taking them is easily formed, but almost impossible to shake off. Women usually begin taking them to relieve a raging headache and soon resort to the powder to alleviate any little pain or ache they may be subjected to, and finally like the morphine or opium fiend, get into the habit of taking them regularly, imagining that they are in pain if they happen to miss their regular dose."

In nine cases out of ten, the trouble is in the stomach and liver. Take a simple laxative and liver tonic and remove the offending matter which deranges the stomach and causes the headache. Dr. Pierce's Pleasant Pellets are composed entirely of the purest, concentrated, vegetable extracts. One Pellet is a dose; sugar-coated, easily swallowed; once used, always in favor. They positively cure sick headache and remove the disposition to it.

Mr. E. VARGASON, of *After Lake, Lapeer Co., Mich.*, writes: "I have not infrequently had an attack of headache. It usually comes on in the forenoon. At my dinner I eat my regular meal, and take one or two of Doctor Pierce's Pleasant Pellets immediately after, and in the course of an hour my headache is cured and no bad effects. I feel better every way for taking other kinds of pills. 'Pleasant Pellets' are worth more than their weight in gold, if for nothing but to cure headache."

REBELS NEARING HAVANA.

Spaniards, Admit They Are Marching Westward, but Dispute Their Intention.

HAVANA, Jan. 2.—The news received from the front tends to confirm previous deductions made regarding the movements of the insurgents. It is admitted once more that the Cubans are again marching westward, and with the attention, apparently, of pushing for Los Palou, a small town on the railroad leading to Guines and well westward of Matanzas and the town of Alfonso XIII. Los Palou is slightly southward and a little to the west of Cabañas, the most westerly point yet reached by the insurgents and where they are reported to have burned the railroad station a day or so ago.

The Spanish officials explain this movement westward by saying that the insurgents intend to return eastward toward the province of Santa Clara, through the northern part of the Saga district, that they are unable to get eastward through Chico, in the province of Santa Clara, owing to the measures taken by the government to prevent them from so doing. But, as this would be the most roundabout and utterly incomprehensible way of proceeding eastward, the idea and continue insisting that the forces of Gomez and Maceo are steadily pushing westward.

FRESH OUTBREAK IN TURKEY.

The Porte Complies With U. S. Minister Terrell's Demand.

CONSTANTINOPLE, Jan. 2.—According to a dispatch from Orfah, Asiatic Turkey, there have been fresh outbreaks there. No details of the disturbances have yet reached here. In reply to the demand of the United States minister, Mr. Alexander W. Terrell, the Turkish government has ordered the val of Aleppo to furnish an escort to Miss Shattuck and three native teachers from Orfah to Aintab. Mr. Terrell has received information which shows that all the missionaries in Anatolia are in safety.

The Turkish government has given an evasive reply to the offer of the representatives of the powers to mediate with the Zeitounese. The ambassadors resent the stand taken by the porte and the dragomans are urging the Turkish officials to accept the offer. No definite information is obtainable from Zeitoun, although it is believed that place is still holding out against the Turks and that the latter are suffering severely on account of the severity of the weather.

BADLEY IN THE RACE.

His Friends Determine to Push Him For the Presidential Nomination.

FRANKFORT, Ky., Jan. 2.—A conference of Governor Bradley's friends has been held here and the result may be summed up as follows: All the stories concerning Governor Bradley's candidacy for the senatorship are set at rest. He is not a senatorial candidate, but has his eye on bigger game. Governor Bradley's name will go before the national Republican convention this year as a candidate for president. He will have a solid delegation from Kentucky as well as delegations from a number of other southern states.

Governor Bradley's name will not be considered as a vice presidential candidate under any circumstances. Rather than accept this he would prefer remaining governor of the state of Kentucky. It is the opinion of many Republicans that Bradley not only has a good chance to be the next president, but that with the bickerings sure to occur among the other presidential candidates he will be turned to, in spite of the fact that he is south of the Ohio river, nominated and elected.

ON HIS EAR.

The artist has endeavored to depict an angry and dissatisfied customer. He came to our store afterward. He has just left a rival establishment. We would like to show his picture when leaving us, but the smile on his countenance would be too expensive to illustrate in a single column. Why not always smile? It's so easy. Simply buy your clothing of Geo. C. Murphy and the seamed and wrinkled forehead of discontent will exist only in imagination. Also see our holiday line of neckwear, silk mufflers, fur and plain top kid gloves, silk umbrellas, silk suspenders, etc., at lowest prices known. See our Smoking Jackets.

BROKE DOWN THE DOOR

There Are Wicked Young Men
on Franklin Street.

MRS. SALLY WYNNE TERRORIZED

The Crowd Broke Down the Door at Her House and Threatened Her With a Hatchet—Second Time Within a Week. She Is Soon Going to Move Out.

Mrs. Sally Wynne spent anything but a pleasant time on Tuesday night, and in consequence has decided to move out of the neighborhood in which she lives.

Mrs. Wynne resides with her father on Franklin street, and went to bed on Tuesday evening at an early hour. Late in the night she was awakened by the sound of some one pounding on the door and hastening to the front part of the house found that the door had been torn down and several young men had possession of the room. They refused to go, but pleaded for her to get them some whisky, but she refused, and they became threatening. They wanted to mash up everything they could find in the kitchen and spoke of throwing out the stove, but after a time were pacified and went away. Mrs. Wynne has received two visits of this kind within a week, and does not relish them, although to a reporter she would not tell the names of the guilty parties. However, she said she had grown weary of these affairs and would move into a neighborhood where there is quiet.

GUY'S MINSTRELS.

They Play at the Grand Opera House Tonight.

Guy's minstrels, made up of 25 artists, arrived at noon, and will play at the Grand this evening. The entertainment is first class in every particular, and the singing, dancing and other specialties are right up to date. The statutory work of the Guy brothers is nothing short of excellent, and is always loudly applauded. The orchestra is second to none, and taking all things into consideration the company can put on the boards a fine performance.

The attraction at the Grand tomorrow evening is "Killarney," a fine play by an exceptionally good company.

The great majority of men and women, of even very much more than ordinary intelligence, pay no attention whatsoever to the well established rules governing the preservation of health. Simple symptoms of indigestion or slight disarrangement of the stomach or system are treated by them as trivial happenings, having no weight or bearing upon their general health. In this seeming neglect or too much over confidence in their own robustness lies the greatest mistake of their lives, as it is invariably from these little ailments giant chronic diseases spring. To guard fully against such evils, use Libby's Phosphatic Beef, Iron and Wine; the only true tonic to the stomach system, system and nerves, perfect strength and tissue producer, and new rich blood matter. Go or send for it to Alvin H. Bulger, druggist, Sixth and West Market.

Two More Cases.

Two new cases of typhoid fever were reported to the health officer yesterday, one at the home of George Reed, Sugar street, and one at William Duke's, Lincoln avenue. With these two cases it will make about eight cases reported in 30 days.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. Fifty cents and \$1 per bottle at the W. & W. drug store.

Will Celebrate Tonight.

The American Mechanics will observe their anniversary this evening instead of on Friday, as was announced. A large attendance of members will celebrate the seventh birthday.

Carlton Cornwell, foreman of the Gazette, Middletown, N. J., believes that Chamberlain's Cough remedy should be in every home. He used it for a cold and it effected a speedy cure. He says: "It is indeed a grand remedy. I can recommend to all. I have also seen it used for whooping cough, with the best results." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

The Elks' Party.

The Elks spent last evening in a delightful manner at their rooms in the Thompson building. A large number were present, and their enjoyment could not be questioned.

There is good reason for the popularity of Chamberlain's Cough remedy. Davis & Buzard, of West Monterey, Clarion company, Pa., says: "It has cured people that our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough remedy and they now recommend it with the rest of us." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

Call It a Craze.

AN ALARMING STATEMENT
CONCERNING WOMEN.

HOW BAD HABITS ARE FORMED.

The New York Tribune says: "The habit of taking 'headache powders' is increasing to an alarming extent among a great number of women throughout the country. These powders as their name indicates, are claimed by the manufacturers to be a positive and speedy cure for any form of headache. In many cases their chief ingredient is morphine, opium, cocaine or some other equally injurious drug. The habit of taking them is easily formed, but almost impossible to shake off. Women usually begin taking them to relieve a raging headache and soon resort to the powder to alleviate any little pain or ache they may be subjected to, and finally like the morphine or opium fiend, get into the habit of taking them regularly, imagining that they are in pain if they happen to miss their regular dose."

In nine cases out of ten, the trouble is in the stomach and liver. Take a simple laxative and liver tonic and remove the offending matter which cures the stomach and causes the headache. Dr. Pierce's Pleasant Pellets are composed entirely of the purest, concentrated, vegetable extracts. One Pellet is a dose; sugar-coated, easily swallowed; once used, always in favor. They positively cure sick headache and remove the disposition to it.

Mr. E. VARGASON, of Otter Lake, LaPorte Co., Mich., writes: "I not infrequently have an attack of the headache. It usually comes on in the forenoon. At my dinner I eat my regular meal, and take one or two of Doctor Pierce's Pleasant Pellets. Immediately after, and in the course of an hour my headache is cured and no bad effects. I feel better every day for having taken them—no more, as it is usual after taking other kinds of pills. 'Pleasant Pellets' are more than their weight in gold, if for nothing else than to cure headache."

REBELS NEARING HAVANA.

Spaniards, Admit They Are Marching Westward, but Dispute Their Intention.

HAVANA, Jan. 2.—The news received from the front tends to confirm previous deductions made regarding the movements of the insurgents. It is admitted once more that the Cubans are again marching westward, and with the intention, apparently, of pushing for Los Palos, a small town on the railroad leading to Guines and well westward of Matanzas and the town of Alfonso XIII. Los Palos is slightly southward and a little to the west of Cabezas, the most westerly point yet reached by the insurgents and where they are reported to have burned the railroad station a day or so ago.

The Spanish officials explain this movement westward by saying that the insurgents intend to return eastward toward the province of Santa Clara, through the northern part of the Saga district, that they are unable to get eastward through Chico, in the province of Santa Clara, owing to the measures taken by the government to prevent them from so doing. But, as this would be the most roundabout way of proceeding eastward, the friends of the insurgents ridicule the idea and continue insisting that the forces of Gomez and Maceo are steadily pushing westward.

FRESH OUTBREAK IN TURKEY.

The Porte Complies With U. S. Minister Terrell's Demand.

CONSTANTINOPLE, Jan. 2.—According to a dispatch from Orfah, Asiatic Turkey, there have been fresh outbreaks there. No details of the disturbances have yet reached here. In reply to the demand of the United States minister, Mr. Alexander W. Terrell, the Turkish government has ordered the vali of Aleppo to furnish an escort to Miss Shattuck and three native teachers from Orfah to Aintab. Mr. Terrell has received information which shows that all the missionaries in Aintab are in safety.

The Turkish government has given an evasive reply to the offer of the representatives of the powers to mediate between the stand taken by the porte and the dragomans, urging the Turkish officials to accept the offer. No definite information is obtainable from Zeitoun, although it is believed that place is still holding out against the Turks and that the latter are suffering severely on account of the severity of the weather.

BRADLEY IN THE RACE.

His Friends Determine to Push Him For the Presidential Nomination.

FRANKFORT, Ky., Jan. 2.—A conference of Governor Bradley's friends has been held here and the result may be summed up as follows: All the stories concerning Governor Bradley's candidacy for the senatorship are set at rest. He is not a senatorial candidate, but has his eye on bigger game. Governor Bradley's name will go before the national Republican convention this year as a candidate for president. He will have a solid delegation from Kentucky as well as delegations from a number of other southern states.

Governor Bradley's name will not be considered as a vice presidential candidate under any circumstances. Rather than accept this he would prefer remaining governor of the state of Kentucky. It is the opinion of many Republicans that Bradley not only has a good chance to be the next president, but that with the bickering sure to occur among the other presidential candidates he will be turned to, in spite of the fact that he is south of the Ohio river, nominated and elected.
